TRIAL BEFORE YOU BUY
FREE PUMP TRIAL PROGRAM

THE MOST DEFINITIVE WAY TO DETERMINE IF OUR TECHNOLOGY SOLVES YOUR FLUID DELIVERY PROBLEM. PERIOD!

GOT A TOUGH APPLICATION?
WE'LL PROVE OUR TECHNOLOGY WORKS!

- FREE 15-day trial (extensions available).
- We ship approximately 40-50 demo pumps per year into myriad application such as water treatment, food & beverage, chemical production, and pharmaceutical manufacturing.
- Demo pump range from 5µL/min. lab pumps for R&D and micro-manufacturing applications to 150L/min. pumps for production scale processes.
- Full factory support including on-site training and demo pump integration assistance if requested.
- We excel at solving difficult applications and have over 60 years of experience to help find a solution to your challenge.

Demo pumps are reconfigured for your application and are shipped in a rugged, reusable shuttle.
